Council motions are
at https://community.icann.org/display/gnsocouncilmeetings/Motions+28+April+2011

Motion 1: to terminate the Policy Process Steering Committee

Motion 2: proceed with two WHOIS studies.

Staff posted an analysis of "Privacy & Proxy Relay & Reveal".   Council must decide which of remaining 3 studies (Registrant Identification, Proxy and Privacy "abuse" and this Relay and Reveal study) staff should initiate.
 (see https://community.icann.org/display/gnsocouncilmeetings/Motions+28+April+2011
)

John and Zahid worked with staff on a resolution to commit funding for 3 WHOIS studies. After the SFO Council meeting, a small volunteer group met 6 times to discuss WHOIS studies resolution. Last week, the group hosted Steve Metalitz to address any questions from IPC Councilors, who asked for a deferral on 7-Apr.

Chuck Gomes led the group with Kathy Kleiman (PIR), Don Blumenthal (PIR), Liz Gasster (ICANN), Lisa Phifer (ICANN), and Steve DelBianco.   This group believes that the RFP for the Registrant Identification Study (Study 2) needs more definition on how registrants are classified as having 'commercial purpose'.   I support another deferral of this work, and can explain if needed.

The registries have said they will support our 2 most important studies, with minor adjustments to the studies' scope. I'm talking about the Privacy/Proxy Abuse study (Study 3) and the Relay/Reveal study (Study 4).   I support these adjustments.
